Do you believe that marriage between a man & a woman is the bedrock of society? Based on my experience, I believe the importance lies in a partnership between two people willing to take responsibility for the children they have, to raise them to be good, responsible citizens.

Do you support/did you sign petition/vote for the Referendum Initiative amendment? (1997)

Do you support the city restricting OA Act funds from faith-based orgs to feed seniors?

Do you support using old CofO's to give cover to homosexual bath houses? (1402Zarzamora)

Do you support restoring the Referendum Initiative back to its inception? (1951) I am unfamiliar with these.

Do you support maintaining the current Homestead Exemption over increasing it to max? To my understanding, the city raised it to its max (20%) a couple years ago. At any rate, I support dropping the actual CoSA valuation rate from \$.54/\$100. The benefits of exemptions are fleeting, and in a couple of years we're right back to where we were before.

Did you support (vote for) the SAPFFA's Propositions A, B, C? (Nov 2018) I supported a cap on the city manager's pay.

Do you support the City's Legislative Agenda for the TxLege? (2022, 2024) The only city-lobbying-the-state activity of recent years I'm familiar with was CoSA's protest of the so-called 'Death Star' bill, which I saw as the state's effort to protect some basic rights and compel municipalities to stick to their core responsibilities.

Do you support legislation and policies that promote Natural Law principles, genuine and scientifically healthy lifestyles, and pro-life, pro-family values? I live those values. Out of respect for the taxpayer, I do not support leveraging the government to support OR oppose any lifestyle. I promote them by example.

Will you protect, defend, and promote the family by working to abolish abortion, to oppose the unfruitful homosexual/LGBTQAI+ movement by affirming that there are only two genders (male and female), by opposing gender confusion and gender mutilation to create the illusion of the fiction of "sex change", by recognizing that marriage is between a natural man and a natural woman as a lifetime covenant, by fostering a culture that sees children as a blessing, and by acknowledging that rights are God-given and that the state has no right to infringe upon those rights which God has granted to the individual as the one true Judge and Lawgiver to Whom all must give an account? I acknowledge only two genders (male and female), my daughters and kids in general are our biggest opportunity to improve society, the state has zero right to intrude on natural human rights.
